

Peninsula Saltwater Sport Fisherman's Association

P.O. Box 5194 Newport News, VA. 23605

WWW.PSWSFA.COM

The Peninsula Saltwater Sport Fisherman's Association (PSWSFA) was founded in 1957 with a focus on promoting both inshore and offshore saltwater fishing within the recreational fishing community. Our primary objectives include educating both the beginner and experienced anglers on distinctive techniques and locations for catching the vast number of saltwater species native to our areas of the Chesapeake Bay and the Atlantic Ocean. Many members are active in supporting the Virginia Gamefish Tagging Program, Virginia Institute of Marine Sciences (VIMS) tagging and research programs, Virginia Marine Resources Commission (VMRC) Game Fish Collection Program and sponsoring/supporting the annual Children's Fishing Clinic.

PSWSFA members are active in encouraging the interests of the recreational angler community at the local, state and national level with members on the Recreational Advisory Board, the VMRC Citation Committee and other Virginia Marine Resources Commissions committees.

Our club will be hosting the first-ever Sheepshead fishing tournament in this area. We are respectfully requesting your support to assist us in maintaining the high standards of our association for this unique event. If you are interested in becoming a sponsor, please contact our tournament director or board members below.
